Profile

A Front-end Developer with a focus on ReactJS. Skilled in HTML5, CSS3, JavaScript, tailwindCss, Bootstrap, Redux, Toolkit and other Featuers. Passionate about creating exceptional user experiences. Collaborative team player dedicated to delivering high-quality projects on time and within budget.

I have previous experience as a Back-end Developer in PHP Laravel, where I developed a strong foundation in server-side web development and database management. Although I have since transitioned to Front-end Development with ReactJS, my background in back-end development has provided me with a well-rounded understanding of web development as a whole.
